

COVID-19 UPDATE

Changes in Service and Offerings from Crater Lake Country Partners

Crater Lake Country will be updating this as we receive news/updates from our partners with regard to their operations during this national health crisis.

UPDATED (January 5, 2024)

While the widespread COVID outbreak is mostly behind us, COVID is still out there. Some businesses can require masks and healthcare still require them in many places. We encourage all visitors to carry a mask (for all ages including children) and to visit business listings on our website: [Crater Lake Oregon - Lodging, Restaurants, Things to Do \(craterlakecountry.com\)](https://www.craterlakecountry.com) for current mask policies.

Here's a link to the latest information: <https://coronavirus.oregon.gov/Pages/default.aspx>
